

WHAT SHALL WE DO WITH OUR STOMACHS?

IS A QUESTION OF VITAL IMPORTANCE.

The best informed physicians advise the use of Adamur Dyspepsia Lozenges, which are not a patent medicine but a favorite prescription that we found from years of experience in prescribing for stomach troubles to be wonderfully reliable. We find in treating great numbers of cases of chronic diseases that this combination is indicated in at least four out of five cases and is the foundation of the most successful treatment that has ever been devised. We can do no better for persons who cannot come to the Sanitarium than to recommend a thorough trial of this prescription which is put up under the name of Adamur Dyspepsia Lozenges simply to designate or identify the prescription.

If you have ill-health, look to your stomach for the cause. Do not stop half way. Do not suppose it's the heart, or the liver, or kidneys, or constipation, or piles, or the nerves. It is a deranged digestive function that causes the heart to palpitate, that causes liver troubles, that wears out the kidneys, that causes piles and constipation, and distracts the nerves. When our stomachs are restored to their original or natural condition, we are well.

Nine out of every ten cases of chronic disease originate in a deranged digestion. No matter whether it be rheumatism, kidney disease, constipation, nervous troubles, scrofula, or any other form, they all begin with some form of indigestion. The formation of gas in the bowels is an indication of indigestion, but is generally unheeded until a more serious form of the trouble occurs, and so with many other symptoms.

Some of the most intelligent and successful physicians in the state of Michigan use and prescribe Adamur Dyspepsia Lozenges. We have thousands like the following to substantiate our statements:

SOUTH BUTLER, BRANCH CO., MICH.
Jan. 18, 1900.

ADAMUR SANITARIUM CO.,

Gentlemen: I am glad to say that Adamur Dyspepsia Lozenges have helped me more than any medicine I have ever taken. I have doctored with different doctors for about three years and could get only slight relief for a short time. Have only taken three boxes of Adamur Dyspepsia Lozenges and feel perfectly well. I can eat anything I want without feeling any distress from it whatever.

MRS. NETTIE CAREY.

Our Dead

CARPENTER—Chauncy C. Carpenter was born Sept. 18, 1826, and died June 1, 1900, aged 73 years, 8 months and 13 days. He leaves a wife and 4 children. Brother Carpenter has been a faithful member of the church for years and had the joy of seeing the last two of his children come into the church this winter. The family is highly respected by all, and the funeral was one of the largest ever held in the vicinity. Brother Geo Carpenter, the oldest son, was called from Ashland University where he is one of the graduates this year in order to be with his father in his last illness. Fairview has lost one of her substantial and beloved members but finds comfort with the family in the resurrection hope.

C. F. YODER.

BELL—Katharine Lucinda Bell was born Jan. 8, 1877, died May 13, 1900, aged 22 years, 4 months and 5 days. Sister Katie had been a sufferer for about 13 years and had expressed a desire to go to that better country and be at rest. She leaves a father and mother, 2 brothers and one sister to mourn their loss. Funeral services conducted by the pastor, ISAAC ROSS.

YODER.—Fell asleep in the hope of a blessed immortality, near Listie, Somerset county, Pa., May 30, 1900, sister Sarah Miller Yoder, wife of brother Benedict Yoder, aged 74 years, 6 months and 10 days. She was a chaste, virtuous motherly woman with all that is implied in the term and a life long consistent member of the Amish Meunite church. This notice will bring some very vivid recollections to the mind of Brother Holsinger who can also bear testimony to this noble life. May the heavenly Father's richest blessings rest upon the aged husband and bereaved household is my prayer. Funeral services conducted by the writer. JOHN H. KNEPPER.
